MARVEL'S AVENGERS CONVERGE WORLDWIDE

The Avengers S.T.A.T.I.O.N. (Scientific Training and Tactical Intelligence Operative Network) interactive attraction opened its doors to visitors in Paris. The French opening of the Avengers S.T.A.T.I.O.N. marked the exhibit's debut in Europe after its runs in New York City's Times Square and in Seoul, South Korea.

The Victory Hill Exhibitions (VHE) then officially opened to the public at Treasure Island Hotel and Casino on the Las Vegas Strip, marking the first time the exhibition will be stationed in the Western US, followed by the exhibition's debut in Singapore. The Southeast Asia debut exhibition was the biggest one yet across an area of 20,000 sq ft and set off a new record for an exhibition event in Singapore with over 8,000 pre-launch ticket sales.

Featuring Marvel characters, the S.T.A.T.I.O.N. provided visitors with an interactive experience, whereby they can become recruits and interactively assemble in-depth knowledge on each of the characters.

Avengers S.T.A.T.I.O.N. is an exhibit by VHE, which is a wholly-owned subsidiary of Cityneon Holdings Limited, a Singapore-listed company. Cityneon, which is a subsidiary of Star Media Group, has the rights to promote Marvel and Transformers-related characters through interactive exhibitions.

Notes:

1) Agenda 1 – Audited Financial Statements

The Audited Financial Statements are laid before the shareholders for discussion only as it does not require approval pursuant to Section 340(1)(a) of the Companies Act, 2016. Hence, this agenda item will not be put forward for voting.

2) Agenda 2(ii) – Re-election of Director

Mr Lew Weng Ho who retires pursuant to Article 117 of the Company’s Articles of Association, has indicated to the Company that he does not wish to seek re-election at the 45th AGM of the Company.

3) Agenda 3 – Re-appointment of Directors

With the enforcement of the Companies Act, 2016 on 31 January 2017, there is no age limit for directors of public companies.

At the 44th AGM of the Company held on 23 May 2016, both Tan Sri Dato’ Sri IR Kuan Peng Ching @ Kuan Peng Soon and Dato’ Dr Mohd Aminuddin bin Mohd Rouse who are above the age of 70, were re-appointed pursuant to Section 129(6) of the Companies Act, 1965 to hold office until the conclusion of the 45th AGM. Their term of office will end at the conclusion of the 45th AGM and they have offered themselves for re-appointment.

4) Agenda 5 – Benefits Payable to Non-Executive Directors

Section 230(1) of the Companies Act 2016 provides amongst others, that the “fees” of the directors and “any benefits” payable to the directors of a listed company and its subsidiaries shall be approved at a general meeting. In this respect, the Board proposes that shareholders’ approval be sought at the 45th AGM on Directors’ remuneration in two (2) separate resolutions, i.e. Resolution 4 on payment of Directors’ fees in respect of the preceding year 2016 and Resolution 5 on payment of Directors’ benefits for approximately sixteen (16) months from 31 January 2017 to the 46th AGM of the Company (“Relevant Period”).

The Directors’ benefits comprise the meeting allowances, Board Committee allowances and other emoluments (club membership and other claimable benefits) payable to non-executive members of the Board and Board Committees.

Payment of the benefits to Non-Executive Directors will be made by the Company as and when incurred if the proposed Resolution 5 is passed at the 45th AGM. The Board is of the view that it is just and equitable for the Non-Executive Directors to be paid the benefits as and when incurred, particularly after they have discharged their responsibilities and rendered their services to the Company throughout the Relevant Period.

8) Explanatory notes on Special Business

i) Ordinary Resolution No. 7 – Proposed Authority to Allot and Issue Shares pursuant to Section 75 of the Companies Act, 2016

The Company had, during its 44th AGM held on 23 May 2016, obtained its shareholders' approval for the general mandate for issuance of shares pursuant to Section 75 of the Companies Act, 2016 (the "Act"). The Company did not issue any shares pursuant to this mandate obtained.

This Ordinary Resolution 7 proposed under item 7 of the Agenda is a renewal of the general mandate for issuance of shares by the Company under Section 75 of the Act. The mandate, if passed, will provide flexibility for the Company and empower the Directors to allot and issue new shares speedily in the Company up to an amount not exceeding in total ten per centum (10%) of the issued share capital of the Company (excluding treasury shares) for purpose of funding the working capital or strategic development of the Group. This would eliminate any delay arising from and cost involved in convening a general meeting to obtain approval of the shareholders for such issuance of shares. This authority, unless revoked or varied by the Company at a general meeting, will expire at the next AGM.

At this juncture, there is no decision to issue new shares. If there should be a decision to issue new shares after the general mandate is sought, the Company will make an announcement in respect thereof.

ii) Ordinary Resolution No. 8 – Proposed Renewal of Authority for Star Media Group Berhad to Purchase its own Ordinary Shares of up to 10% of its total number of Issued Shares or the total number of Voting Shares

The explanatory notes on Resolution 8 are set out in the Statement to Shareholders dated 28 April 2017 accompanying the Company's Annual Report for year 2016.

iii) Ordinary Resolution No. 9 – Proposed Renewal of Existing Shareholders' Mandate And Additional Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature

The explanatory notes on Resolution 9 are set out in the Circular to Shareholders dated 28 April 2017 accompanying the Company's Annual Report for year 2016.

CHAIRMAN'S STATEMENT

**DEAR SHAREHOLDERS,
ON BEHALF OF THE BOARD OF
DIRECTORS OF STAR MEDIA GROUP
BERHAD, I AM PLEASED TO PRESENT
TO YOU THE COMPANY'S ANNUAL
REPORT AND AUDITED CONSOLIDATED
FINANCIAL STATEMENTS FOR THE
FINANCIAL YEAR ENDED
31 DECEMBER 2016.**

DATO' FU AH KIOW
CHAIRMAN

Persistent macroeconomic headwinds that led to weak consumer sentiment and lower advertising spend impacted the overall media and advertising industry in 2016. While this had weighed down our earnings, Star Media Group was able to turn in another year of profit in addition to bright spots seen in selected businesses. The latter include the contributions from exhibitions and intellectual property rights held by our Events and Exhibition segment namely Cityneon Holdings Limited via Victory Hill Exhibitions Pte. Ltd.

The Group's resilience can be attributed to its foresight of wanting to create a truly comprehensive and integrated media group. At the same time, the Group was able to manage cost in a more efficient manner. Star Media Group is expected to diversify its revenue stream and enhance its performance more dynamically as the Group moves forward.

CHANGE IN BOARDROOM

As we review our 2016 financial year, my fellow Board Members and I would like to thank Dato' Yip Kum Fook, who retired as an Independent and Non-Executive Director on 23 May 2016. Dato' Yip's contribution to the Board and Star Media Group over his 5-year tenure has been invaluable.

The Board is also pleased to welcome the appointment of Datin Linda Ngiam Pick Ngoh as a member of the Audit Committee on 22 August 2016. Datin Ngiam's vast experience, especially within Star Media Group, will indeed be a boon to this important oversight role.

INDUSTRY TRENDS AND DEVELOPMENTS

Global economic growth in 2016 continued to be hampered by the lackluster performance of the United States economy, continued slowdown in China and the aftermath of *Brexit*. In Malaysia, Gross Domestic Product ("GDP") growth was only moderately slower as a result of sound macroeconomic fundamentals and prudent fiscal and monetary policy. Nevertheless, business and consumer sentiment were affected by the persistently low oil price and depreciation of the Ringgit, which plummeted sharply towards the end of the year.

As 2016 came to a close, the consumer index dipped five points from third quarter to 84 percentage points in the fourth quarter of 2016, according to the Nielsen Global Survey of Consumer Confidence and Spending. Based on the same report, consumer confidence was at a high of 107 percentage points as at the first quarter of 2013.

In turn, the bearish sentiment weighed heavily on the overall advertising market, which registered a lower total rate card spending of RM7.06 billion in 2016 compared to RM7.59 billion a year ago. Based on the same Nielsen Media Research, only RM3.61 billion was spent on newspapers, a 13% reduction year-on-year.

FINANCIAL PERFORMANCE

For the financial year ended 31 December 2016, the Group's revenue decreased by 8.5% to RM932.12 million from RM1.02 billion a year ago. This translated into a lower profit before tax amounting to RM146.21 million as compared to RM170.07 million in 2015.

CHAIRMAN'S STATEMENT

(CONTINUED)

Basic earnings per share was also lower at 14.89 sen compared to 18.02 sen a year ago while Net Assets Per Share as at 31 December 2016 was at RM1.53 (FY2015: RM1.55).

A further review of the Group's financial performance is presented in the Management Discussion and Analysis section of this Annual Report.

CORPORATE SOCIAL RESPONSIBILITY

Star Media Group is a progressive organisation that employs thousands of individuals while its products and services are consumed by millions of Malaysians. In this regard, the Group is in a unique position to set the benchmark in corporate social responsibility while enriching the lives of people throughout our society.

During the year under review, Star Media Group's Corporate Social Responsibility initiatives and programmes can be categorised under the pillars of Community, Environment, Workplace and Marketplace.

Anchoring our community outreach is Star Foundation, which have donated a total of RM775,000 in cash and in-kind to 25 non-profit organisations nationwide throughout 2016. Also with our community in mind, *Star Golden Hearts Award 2016* was carried out as a unique platform to encourage empathy, fellowship and kindness amongst Malaysians.

In terms of the environment, the Group's initiative to replace its outdated water-cooled and air-cooled chillers at Star Media Hub with a more advanced and energy-efficient system had resulted in improved energy savings.

When it comes to the workplace, the Group continues to coordinate and invest in employee engagement programmes like the annual HR Open Day (HR4U) as well as sports related events throughout the year.

In the marketplace, the Group continues to embrace industry best practices when engaging in business transactions across our value chain.

A complete report of Star Media Group's 2016 CR initiatives can be found on page 77 to page 83 of this Annual Report.

OUTLOOK

Malaysia's GDP is expected to grow by 4.5% in 2017, according to the Malaysian Institute of Economic Research (MIER). While this is higher against an estimated growth of 4.2% for 2016, the Malaysian think-tank cautioned that external demand may not be as strong as expected given the anticipated prolonged slowdown in global trade and investment flows. In tandem, the media and advertising industry landscape is also expected to remain challenging in 2017.

Anticipating this situation, Star Media Group will continue to strive towards enhancing the contribution from across our diverse business segments. We will hold firm to the industry tenet that 'Content is King!' so as to deliver relevant, exciting and engaging content to our consumers across platforms.

Concurrently, the Group will continue with its effort to manage cost aggressively. In addition to strengthening processes and synergies throughout our value chain, Star Media Group is constantly reviewing and evaluating its existing business activities to ensure optimum performance and viability.

In our effort to stay ahead of the media consumption trend, Star Media Group will also invest in expanding our portfolio of new and exciting media assets. A case in point is our new video-on-demand service *dimsum*, which was launched in the Fourth quarter of 2016 and is available via www.dimsum.my. We are very excited about this offering as it promises to serve the very best Asia has to offer. All in all, the Star Media Group currently possesses a sound corporate strategy backed by diverse media platforms and business channels that can deliver positive results moving forward. In view of this, the Board of Directors and the Senior Management Team of Star Media Group are committed to working comprehensively towards achieving satisfactory results for the financial year ending 31 December 2017.

APPRECIATION

Only through times of difficulties can the mettle and capabilities of a team be truly tested. On behalf of the Board of Directors, I would like to commend the entire team of Star Media Group for turning in another profitable financial year in spite of the challenging and competitive business environment. We will continue to require hard work, dedication and loyalty from all in order to enable our Group to steadfastly grow from strength to strength.

We would also like to thank our shareholders, readers, advertisers, business partners as well as policymakers, regulators, stakeholders and subscribers for their continued support and confidence in our Group.

Last but not least, I also would like to sincerely thank my fellow Board members for their guidance, advice and steadfast commitment towards exercising their oversight and fiduciary duties.

Thank you.

MANAGEMENT DISCUSSION AND ANALYSIS

“IN ITS GOAL TO ENHANCE ITS INTEGRATED MEDIA SOLUTIONS POSITION IN THE HIGHLY COMPETITIVE AND EVER-CHANGING MEDIA LANDSCAPE, STAR MEDIA GROUP IS COMMITTED TOWARDS EXPANDING ITS FOOTPRINT IN ASEAN.”

LEVERAGING ON THE SUCCESS OF ITS MARKET-LEADING ENGLISH DAILY, *THE STAR*, STAR MEDIA GROUP HAS PROGRESSIVELY GROWN FROM A SINGLE-PRODUCT COMPANY TO A MULTI-CHANNEL INTEGRATED MEDIA GROUP.

The Group currently has six core businesses, namely Print, Digital & OTT, Radio, Television, Events & Exhibitions and Training. Embracing the spirit of ‘Content is King’, coupled with an unwavering focus towards quality and innovation, the Group strives to become the partner of choice when it comes to integrated media solutions.

In its goal to enhance its integrated media solutions position in the highly competitive and ever-changing media landscape, Star Media Group is committed towards expanding its footprint in ASEAN. Leading the way is the Group’s broadcast platform, LiTV, Asia’s first comprehensive lifestyle television channel. Similarly, the Group's exciting digital venture, *dimsum*, which is Malaysia's first homegrown all-Asian subscription video-on-demand ("SVOD") service, has the potential to reach out to the massive Asian-centric fanbase throughout the region and beyond.

On the training front, Leaderonomics has ventured into Singapore, Thailand and Cambodia. At the same time, Cityneon is also expanding its licensed Avengers S.T.A.T.I.O.N and Transformers experiential showcases in the Greater China Region and Australia while tapping events solutions opportunities in East Asia and the Middle East.

REVIEW OF FINANCIAL PERFORMANCE

Star Media Group reported a profit before tax of RM146.21 million on the back of a revenue of RM932.12 million for the financial year ended 31 December 2016. This was lower compared to a profit before tax of RM170.07 million on the back of a revenue of RM1.02 billion recorded a year ago.

The decrease in revenue was mainly attributed to the challenging macro-economic conditions, which has in turn, contributed to lower advertising spend. There was also an impairment loss of RM19.83 million on goodwill. This is however offset by a gain on disposal of two of our radio stations (Red FM and Capital FM) and deregistration of a subsidiary company which amounted to RM61.33 million.

Throughout the Group's six core business activities, Print and Digital as well as its Events & Exhibitions business, particularly Cityneon Holdings Limited, were profitable during the year under review.

Pre-tax margins from the Group's Print and Digital segment also fell to 16.5% in Financial Year 2016 compared to 26.6% a year ago. The lower margins invariably impacted the Group's profit after tax for the year under review, which was recorded at RM116.91 million against a profit after tax of RM130.61 million last year.

Basic earnings per share was at 14.89 sen compared to 18.02 sen a year ago, while net assets per share as at 31 December 2016 was at RM1.53 (FY2015: RM1.55).

DIVIDENDS

The Board of Directors had declared an interim dividend of 9.0 sen per ordinary share in respect of the financial year ended 31 December 2016. The dividend is to be payable to the shareholders on 18 April 2017.

Coupled with the interim dividend of 9.0 sen per ordinary share that was paid on 18 October 2016, total dividends that were paid out to shareholders for the financial year ended 31 December 2016 will amount to 18.0 sen per ordinary share.

PRINT

The Star and *Sunday Star* remain the primary contributors to the Group's earnings. As such, it is heartening to note that the leading newspaper brand has continued to grow from strength to strength after 46 years in operation.

In spite of the highly competitive media landscape brought about by the proliferation of digital media portals, *The Star* (both print and ePaper) was able to maintain its lead as the highest circulated paid English daily in 2016, according to the Audit Bureau of Circulations. Our combined print and ePaper circulation number as at 30 June 2016 stands at 359,442 copies. (Source: Audit Bureau of Circulations)

"THE STAR (BOTH PRINT AND ePAPER) WAS ABLE TO MAINTAIN ITS LEAD AS THE HIGHEST CIRCULATED PAID ENGLISH DAILY IN 2016..."

Based on Nielsen Consumer and Media View for 2016, readership for the Daily Star is 1,057,000 and 865,000 for Sunday Star.

Star Media Group has been cognisant of the need to adapt quickly and innovatively to changing market trends in order to maintain *The Star's* leadership position.

In realising the need to engage with the younger audience segment, *The Star* spearheaded *The Speaker's Boot Camp for Teens* in 2016. The workshop was designed to train teenagers to speak confidently in public. This was followed by another initiative called *The Adventure Day Camp* for teens. The camp was designed to instill team-building and leadership qualities in teenagers.

To further enhance our connection with our stakeholders, *The Star* together with L'oreal carried out a workshop called *Image Makeover with Colours*, which was a grooming seminar for career women. *The Star* also held a talk aimed at retirees called *Take Charge of Your Retirement Now*.

These initiatives, coupled with several others conducted in different locations throughout Malaysia, are integral to helping the brand connect with its readers in a way that can enhance long-term brand recognition and loyalty.

Readership for Daily Star

1.057 MILLION

Readership for Sunday Star

865,000

On the cost-side, we have taken a few measures to manage cost. We have discontinued the printing of *The Star* paper in Sarawak and the distribution of the hardcopy of *The Star* in both Sabah and Sarawak.

We will however continue our efforts to grow the ePaper circulation in East Malaysia; similar to our efforts in Peninsula Malaysia. We have also closed our office in Singapore. All these measures are expected to save the Group approximately RM5 million to RM6 million per annum.

As for newsprint, we have switched to 42 gsm newsprint from 45 gsm. This is expected to give us a better yield. Moving forward, we will continue to manage cost prudently and effectively.

DIGITAL & OTT

“THE GROUP’S DIGITAL BUSINESS WAS ABLE TO SAVE ALMOST RM1 MILLION IN OPERATIONAL COSTS IN 2016.”

Since its launch in 2015, Star Media Group continued to enhance its data capabilities. Star Media Group’s *Audience Interest Marketing* (“AIM”) product has increased its targeting capabilities from 13 audience segments to 17 audience segments with new segments such as Parenting, Tech & Telco, Education and Luxury Seekers.

Apart from expanding and enhancing the Group’s offerings in the digital space, Star Media Group has also been managing cost aggressively. The Group has been focusing on re-engineering its digital infrastructure and services while centralising its services from an individual business pillar perspective to a group level service offering. As a result, the Group’s digital business was able to save almost RM1 million in operational cost in 2016.

Star Media Group took a significant step forward in its digital offerings with the introduction of *dimsum*, a home-grown SVOD service operated by SMG Entertainment Sdn. Bhd. (formerly known as Star Online Sdn. Bhd.). *dimsum* is uniquely positioned as a SVOD platform that delivers high quality Asian content across mobile applications and web browsers.

Since its launch in November 2016, *dimsum* has obtained several exclusive simulcast rights from China, Taiwan, Thailand and Japan. Its library of content include films, dramas, documentaries, variety and kids shows from China, Japan, Taiwan, Thailand, South Korea, Singapore and Malaysia.

2016 has been a year of growth for *The Star Online*, reaching an average of 5.1 million viewers per month, and it continues to strengthen its position as one of the top Local English News portal in Malaysia.

Growth-wise, Star Media Group has also started its Programmatic capabilities. By automating and selling Star Media Group's digital ad space via Programmatic, we are able to reach a wider network of clients on the open Programmatic market in addition to providing an alternative advertising product to our existing clients.

LEADERONOMICS

In 2016, Leaderonomics successfully launched its Digital Learning platform as a value-added and alternative learning solution for its current and potential clients. Leaderonomics is also seeing its Assessment Business Unit as a rising core revenue generator.

Leaderonomics Club, an initiative that is aimed at making a difference to the lives and capabilities of youth around the country, has successfully grown its presence in 25 local and private higher education institutions throughout the country during the year under review. The platform has touched the lives of some 3,500 undergraduates across various faculties. Leaderonomics has been recognised by its stakeholders via

“LEADERONOMICS SUCCESSFULLY LAUNCHED ITS DIGITAL LEARNING PLATFORM AS A VALUE-ADDED AND ALTERNATIVE LEARNING SOLUTION FOR ITS CURRENT AND POTENTIAL CLIENTS.”

multiple awards for its role and achievements in cultivating and developing leaders from our nation's talent pool. To date, Leaderonomics has empowered a total of 14,088 individuals including adults, children and youths, and helped more than 200 organisations through its leadership development programmes.

MOVING FORWARD

As we move into 2017, the overall macro-economic landscape remains uncertain. The direction of the United States economy as a result of the Presidential elections in 2016 is still unclear while concerns linger on the prospects and health of the Chinese economy.

Closer to home, macro-economic headwinds coupled with the weak Ringgit and low commodity prices are expected to dampen consumer confidence. This, in turn, is expected to impact advertising expenditure in 2017.

“WE ALSO AIM TO BE A MEDIA PARTNER OF CHOICE FOR MARKETERS BY PROVIDING MORE BUNDLED PRODUCTS AND CREATIVE BUYS.”

Against this challenging operating backdrop, Star Media Group aims to strengthen its respective media platforms so as to garner wider audience and maximise penetration rates. In addition to attracting more clients, we also aim to be a media partner of choice for marketers by providing more bundled products and creative buys. This forms the very basis of what integrated media solutions is all about.

The Group is also very excited about *dimsum*, our very own SVOD that stands out from the rest by offering predominantly Asian content. *dimsum* also provides news in three (3) languages – Bahasa Malaysia, Mandarin and English. We will also be introducing more Malay and Indian-language content into this platform.

All in all, the Board of Directors, Senior Management Team and our talents throughout Star Media Group are committed towards working cohesively to maintain our leadership position in the media industry. Despite the challenges ahead, we are cautiously optimistic of turning in yet another profitable year for our financial year ending 31 December 2017.

Note: Dato' Yip Kum Fook ceased as Chairman of NC on 23 May 2016 following his retirement as Director of the Company.

The Board notes that whilst Bursa Malaysia Securities Berhad ("Bursa Securities") Main Market Listing Requirements ("Listing Requirements") does not prescribe the chairmanship for the NC, the Code recommends that the NC should be chaired by a senior independent director. Although NC of the Company is not chaired by the Senior Independent Director, the Board is satisfied that the NC is able to discharge its duties effectively through a formal and transparent process, in compliance with applicable law and regulations and high standards of corporate governance.

The role of the NC is to assist the Board in ensuring that the Board comprises individuals with the requisite skills, knowledge, experience, commitment and characteristics. NC will recommend to the Board, candidates for directorship as well as membership to Board Committees to be filled. In proposing its recommendation, the NC will consider and evaluate the candidates' required skills, knowledge, expertise, competence, experience, characteristics and professionalism. Gender diversity within the Board remains an essential aspect of the Board composition and the NC will continue to review this with a view to enhancing corporate governance practices. The NC also reviews and considers the proposals by Management on the appointment/promotion/re-designation of key personnel of the Group. The NC works closely with Board in ensuring that a clear succession plan is established.

To ensure the Board has an appropriate balance of expertise and ability, the NC carries out an annual evaluation on the Board's performance and governance process with the aim of improving individual contribution, effectiveness of the Board and Board Committees. The NC reviews the terms of office and performance of the AC annually. The NC also reviews the retirement of Directors eligible for re-election at the AGM.

The NC meets at least once a year or as and when required. During the year, the NC met once and all members attended the meeting. Summaries of activities during the year were:

1. Annual Performance Evaluation

The annual assessments for the Board, Board Committees and individual Directors were carried out on self-assessment basis, which were summarised and discussed at the NC meeting and also shared with the entire Board. The evaluation process is led by the NC Chairman and supported by the Company Secretaries. All assessments and evaluations carried out by the NC were properly documented. For the financial year 2016, the NC assessed the effectiveness in terms of composition, conduct, accountability and responsibility of the Board and Board Committees in accordance with the terms of reference. The Directors self assessment was conducted to evaluate the mix of skills, experience and the individual Directors' ability to contribute to the development of strategy and exercise independent judgement towards the effective functioning of the Board. The NC also carried out the annual evaluation of the Group Chief Operating Officer and Group Chief Financial Officer which includes a review of their integrity and professionalism, their overall contribution and performance and also personality.

In carrying out its recent annual review, the NC was satisfied that the Board size and its composition are optimum which comprises individuals with the requisite skills, knowledge, experience, characteristics and competencies to effectively discharge their roles. The Directors, Board Committees and key officers had discharged their responsibilities in a commendable manner and contributed to the overall effectiveness of the Board and Company. The Directors had also committed the time necessary to responsibly fulfill their commitment to the Company and Group during the year. The NC also agreed on the re-appointment of the existing Board Committee members for the ensuing year.

2. Annual Assessment of Independent Directors

The NC determines the independence of each Director annually based on the definitions and guidelines of Bursa Securities Listing Requirements and also considers whether the independent director can continue to bring independent and objective judgement to board deliberations. An annual assessment form is completed and confirmed by individual Independent Directors on their status of compliance.

CORPORATE GOVERNANCE STATEMENT

(CONTINUED)

The NC is satisfied that the Independent Non-Executive Directors of the Company continue to demonstrate their independence through their engagement in meetings by bringing objective and independent judgement to decisions taken by the Board. The Independent Non-Executive Directors of the Company had also devoted sufficient time and attention to the Group's affairs. None of the Directors on the Board hold more than five (5) directorships in other public listed companies on the Exchange.

Under the Code, it is also recommended that the tenure of independent director should not exceed a cumulative term of nine (9) years and upon completion of the nine (9) years, an independent director may continue to serve on the Board subject to the director's re-designation as non-independent director. None of the Independent Non-Executive Directors of the Company has exceeded the cumulative term of nine (9) years.

3. Appointments to the Board and Re-election of Directors

The Company's Articles of Association requires a minimum of two (2) Directors and not more than fifteen (15) who shall have their principal or only place of residence in Malaysia. The Board may appoint an individual to be a Director, either as an addition to the existing Directors or to fill a casual vacancy up to the maximum number. Any new Director appointed by the Board during the year is required to stand for election at the next AGM. For new appointments, the NC will consider the candidate's experience, knowledge and expertise to meet the current and future needs of the Company, besides the existing board size and composition.

The NC has also reviewed the Directors' re-nomination to the Board on an annual basis. DIRECTORS' REMUNERATION

The RC reviews the remuneration framework (covering all aspects of remuneration including but not limited to directors' fees, allowances, bonus and benefits-in-kind) and specific remuneration package for Executive Director before recommending to the Board for endorsement. Non-Executive Directors are paid Directors' fees, allowances and other emoluments, subject to the approval of shareholders at the AGM in accordance with Section 230(1) of the Companies Act, 2016.

The level and structure of the Group's remuneration policy are aligned with business strategy and long-term objectives of the Group, as are appropriate to attract, retain and motivate Directors to provide good stewardship, as well as motivate key management personnel to successfully manage the Group. The remuneration of Executive Director is structured so as to link rewards to the Company's and individual performance. The Executive Director of the Company does not receive directors' fees. In the case of Non-Executive Directors, the level of remuneration reflects the level of responsibilities undertaken by the individual Director concerned and time commitments expected of the Non-Executive Directors. Nevertheless, the determination of remuneration packages of Directors is a matter for the Board as a whole and individuals are required to abstain from discussing and voting on the recommendation of their own remuneration package.

The Board is of the view that the current remuneration level suffices to attract, retain and motivate qualified Directors to serve on the Board.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTRODUCTION

During the financial year under review, Star Media Group Berhad (“Star” or “Company”) and its subsidiaries (“Group”) continued to enhance its system of internal control and risk management, to comply with the applicable provision of the Malaysian Code on Corporate Governance and the Main Market Listing Requirements (“Listing Requirements”) of Bursa Malaysia Securities Berhad (“Bursa Securities”).

Paragraph 15.26(b) of the Listing Requirements of Bursa Securities requires the Board of Directors of a public listed company to include in its annual report a statement on the state of internal control of the listed issuer as a group. The Bursa Securities’ *Statement on Risk Management & Internal Control (Guidelines for Directors of Listed Issuers)* provides guidance for compliance with these requirements.

Internal control is broadly defined as a process, affected by an entity’s Board of Directors, Management, and other personnel, designed to provide reasonable assurance regarding the achievement of objectives in the following categories:

- Effectiveness and efficiency of operations.
- Safeguarding of assets.
- Reliability and integrity of financial and operational information.
- Compliance with applicable laws, regulations and contracts.

Set out below is the Board’s Statement on Internal Control and Risk Management Practices.

BOARD RESPONSIBILITY

The Board acknowledges the importance of sound internal controls and risk management practices to safeguard various stakeholders’ interest and to address all key risks which the Board considers relevant and material to its operations. The Board affirms its overall responsibility for the Group’s systems of internal controls which includes the establishment of an appropriate control environment and framework. The Board is also responsible for reviewing the effectiveness, adequacy and integrity of those systems. These systems are designed to manage rather than to eliminate, the risk that may impact the Group arising from non-achievement of the Group’s policies, goals and objectives. Such system provides reasonable but not absolute, assurance against material misstatement or loss.

The Group has in place an on-going process for identifying, evaluating, monitoring and managing the operating and financial controls affecting the achievement of its business objectives throughout the period. The Internal Audit Department plays a

significant role in this respect. This process is regularly reviewed by the Audit Committee of the Board.

The Board maintains ultimate responsibility over the Group’s systems of internal controls it has delegated to the executive management for efficacious implementation. The role of Internal Audit is to provide the reasonable assurance that the designed controls are in place and are operating as intended.

RISK MANAGEMENT FRAMEWORK

The Board undertook to review the risk management processes in place within the Group with the assistance of the Risk Management Committee (“RMC”), the Head of Enterprise Risk Management and the Internal Audit Department.

To fulfill its oversight responsibility, the Board as a whole or through delegation to the RMC, should review the adequacy, integrity and implementation of appropriate systems for risk management.

The RMC meets on a quarterly basis to deliberate on risks identified, controls and risk mitigation strategies arising from the risk assessment process conducted.

RISK MANAGEMENT DEPARTMENT

The Enterprise Risk Management (“ERM”) Division assists the Board and the RMC in carrying out their risk management responsibilities. The ERM is designed to provide sufficient support at both the Group level and subsidiaries level.

ERM is mainly responsible for the following:

- Maintaining a register of risk for the Group;
- Assessing, improving and monitoring the Risk Management framework including risk policy and standards;
- Providing guidance to the divisions in the development of appropriate and effective response strategies and contingency plans to manage and mitigate material risks;
- Issuance of risk reports to the Board and Management; and
- Reviewing key corporate activities that are considered significant from a Group risk perspective.

RISK MANAGEMENT PROCESS

The key elements of the Group's risk management process are as follows:

- The RMC, which is chaired by the Group Chief Financial Officer and includes key management personnels from the relevant business and support functions and Internal Audit. The Committee is entrusted with the responsibility to identify and communicate to the Board the key risks the Group faces, their changes, and the management actions and plans to manage the risks.
- A Risk Management Manual, which outlines the corporate policy and framework on risk management for the Group and offers practical guidance on risk management issues.
- A database of identified risks and controls in the form of a Risk Register, which is periodically reviewed and reported to the Board. The Risk Register is reviewed from time to time or as and when necessary. The identified risks are appropriately communicated to Management and Heads of Departments.
- Ownership of the Risk Register also lies with the Heads of Departments to constantly manage the risks and to highlight any concerns or new risks to the Head of Enterprise Risk Management.

To embed the risk management process within the culture of the Group, the following steps are incorporated in the risk management process:

- Embedding internal control further into the operations of the business through the installation of a process of risk and control self-assessment.
- Regular updates on risk management from the heads of the business and supporting functions to the RMC.
- Drive a proactive risk management culture and ensure that the Group's employees have a good understanding and application of risk management principles towards cultivating a sustainable risk management culture.
- Regular risk awareness and coaching sessions are conducted at the operational level to promote the understanding of risk management principles and practices across different functions within the Group.
- Quarterly review by the Audit Committee on the adequacy and integrity of the system of internal control and risk management process.

INTERNAL AUDIT FUNCTION

The Internal Audit Department operates within the framework stated in its Internal Audit Charter which is approved by the Audit Committee. The Internal Audit Department provides the Board with independent opinions of processes, risk exposures and systems of internal controls of the Group.

Internal Audit independently reviews the risk identification procedures and control processes, and reports to the Audit Committee on a quarterly basis. The Audit Committee reviews and evaluates the key concerns raised by Internal Audit Department and ensures that appropriate and prompt remedial action is taken by management.

Internal Audit also reviews the internal controls in the key activities of the Group's business and a detailed annual internal audit plan is presented to the Audit Committee for approval. Internal Audit adopts a risk-based approach and prepares its audit strategy and plan based on the risk profiles of the major business functions of the Group.

The Audit Committee reviews the risk monitoring and compliance procedures to obtain the level of assurance required by the Board. The Audit Committee presents its findings to the Board on a quarterly basis or earlier as appropriate.

OTHER KEY ELEMENTS OF INTERNAL CONTROLS

Apart from the above, the other key elements of the Group's internal control systems include:

- (a) Policies, procedures and limits of authority
 - Clearly documented internal policies, standards and procedures are in place and regularly updated to reflect and enhance operational efficiency. Cases of non-compliance to policies and procedures are reported to the Board and Audit Committee
 - Clearly defined delegation of responsibilities to committees of the Board and to management including organisation structures and appropriate authority levels.
- (b) Strategic business planning, budgeting and reporting
 - Regular and comprehensive information provided to management for monitoring of performance against strategic plans covering all key financial and operational indicators.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

(CONTINUED)

- Detailed budgeting process requiring all business units to review their budgets periodically. The budgets are reviewed and discussed by the top Management headed by the Group Managing Director/Chief Executive Officer. The budgets are then discussed and approved by the Board.
- The Group Chief Financial Officer provides the Board with quarterly financial information. Effective reporting system exposes significant variances against budget. Key variances are followed up by management and reported to the Board.

(c) Risk assessment

- The Group Managing Director/Chief Executive Officer, with the input from the RMC, reviews with the Board significant changes in internal and external environment, which affects the Group's risk profile.

There were no material losses incurred during the current financial year as a result of weaknesses in internal control. Management continues to take measures to strengthen the control environment.

Based on the internal controls established and maintained by the Group, work performed by the Internal and External Auditors and reviews performed by Management and various Board Committees and assurance from the Group Managing Director/Chief Executive Officer and Group Chief Financial Officer, the Board, with the concurrence of the Audit Committee, is of the opinion that the Group's risk management and internal control systems were adequate and effective for the financial year ended 31 December 2016 to address financial, operational and compliance risks, which the Group considers relevant and material to its operations. The Group will carry out continuous reviews on the control procedures to ensure consistent effectiveness and adequacy of the system of internal control, so as to safeguard shareholders' investment and Group's assets.

REVIEW OF THE STATEMENT BY EXTERNAL AUDITORS

Pursuant to Paragraph 15.23 of the Listing Requirements of Bursa Securities, the External Auditors have reviewed this Statement for inclusion in the Annual Report of the Group for the financial year ended 31 December 2016. Their review is performed in accordance with Recommended Practice Guide 5 (Revised 2015) ["RPG 5 (Revised 2015)"] issued by the Malaysian Institute of Accountants. The External Auditors' procedures have been conducted to assess whether the Statement on Risk Management and Internal Control is supported by the documentation prepared by or for the Directors and that it is an appropriate reflection of the process adopted by the Directors in reviewing the adequacy and integrity of the system of internal control for the Group.

RPG 5 (Revised 2015) does not require the External Auditors to consider whether this Statement covers all risks and controls, or to form an opinion on the adequacy and effectiveness of the Group's risk and control procedures. Based on their procedures performed, the external auditors have reported to the Board that nothing has come to their attention which causes them to believe that this Statement is not prepared, in all material respects, in accordance with the disclosures required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuer, nor is factually inaccurate.

Talent Development & Succession Planning

Attracting and developing talents has and always will be the Group's critical human capital initiatives' primary focus. Other than serving the present needs of the Group, it also serves to establish a viable successions plan pipeline. Over the years, the Group has won awards for leadership development and graduate development programs.

With a well-defined internship programme, the Company has attained Talent Corp's SIP (Structured Internship Program) certification.

Over the years, the Group has also maintained its effort in attracting graduates via multiple award-winning graduate trainee program - StarTRACK 3.0. In 2016, we recruited 8 fresh young talents straight out of the tertiary institutions and put them into a year-long rotation through the various entities within the Group, with the aim of moulding them into a well-rounded media talent. Each rotation spans two months,

with the objective of the StarTRACKers understanding daily operations, processes and product specialties within the Group. In addition, the trainees undergo leadership training and are assigned live projects to determine adept trainees who will eventually be offered positions within the Group.

Internally, we launched the Young Talent Program, selecting a total of 15 young talents from across the Group and placing them in a 8-month long programme. The programme is aimed at enhancing leadership skills of our junior ranks to accelerate their growth and career progression.

Industrial Relations

The cornerstone of any successful major organisation would be sustaining of good industrial relations, through which the management and employee groups are able to work together harmoniously towards a common goal.

Despite the challenging economic scenario in 2016, the company successfully signed two collective agreements in quick succession – one with the National Union of Newspaper Workers in May and the other with the National Union of Journalists Malaysia in July. The focus of the collective agreements this time around was to ensure employees in the lower income group are compensated with adequate salary adjustments to help them wade through the increases in living costs.

The successful completion of the two collective agreements in an amicable manner is a testament to the strong and healthy industrial relations at work in the company.

ENVIRONMENT

The Group acknowledges the importance of playing our role in safeguarding the environment by minimising our own environmental impacts across our operations and through public advocacy. This year, the Group is committed to protect the environment and minimize our carbon footprint by promoting energy efficiency, green energy and sustainable waste management.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF STAR MEDIA GROUP BERHAD
(INCORPORATED IN MALAYSIA)

Report on Audit of the Financial Statements

Opinion

We have audited the financial statements of Star Media Group Berhad, which comprise the statements of financial position as at 31 December 2016 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 96 to 181.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2016, and of their financial performance and cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards ("IFRSs") and the requirements of the Companies Act, 1965 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

a) Revenue recognition

The Group has two (2) major revenue streams in the event, exhibition, interior and thematic segment, being revenue from contracts to provide services and licensing fee from exhibition agreements as disclosed in Note 4 and Note 22 to the financial statements.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF STAR MEDIA GROUP BERHAD
(INCORPORATED IN MALAYSIA) (CONTINUED)

Key Audit Matters (continued)

a) Revenue recognition (continued)

When the Group enters into long-term contracts with customers to provide services, revenue is recognised based on the percentage of completion method. We focused our audit on these types of contracts due to the high level of management estimation involved, in particular, estimating the total contract revenue and contract costs and determining the stage of completion.

The licensing fee of the Group is derived from the intellectual property rights to hold exhibitions in various countries for a specific duration of time. The recognition of licensing fee is an area of complexity and requires significant judgement as the contractual terms vary for each exhibition agreement. Management has performed detailed assessment, including assessing the terms and conditions, the remaining obligations to perform and other pertinent factors included in each of the exhibition agreements signed between the Group and the exhibition promoters.

Audit response

The audit procedures, with the involvement of the component auditors included the following:

For revenue from contracts to provide services, we have assessed the reasonableness of management's estimated total contract revenue, estimated total contract costs and the stage of completion during the financial year by:

- (i) inspecting the initial contract revenue to the letter of award of the contract, and verifying variation orders to acceptance and approval by customers;
- (ii) verifying the actual costs incurred to date and assessed estimated costs to complete; and
- (iii) verifying the revenue computed to certifications by architects acknowledged by customers or certifications by external quantity surveyors.

For licensing fee, we have challenged management's timing of revenue recognition by considering the substance of the exhibition agreements and assessed the reasonableness of management's interpretation of these contractual terms, evaluated significant contract terms for the conditions that underpin revenue recognition, verified that management could demonstrate that persuasive evidence existed at the point of revenue recognition and where applicable, obtained correspondences from the legal advisor of the Group to corroborate key judgement applied by management.

b) Impairment assessment of the carrying amounts of goodwill

Goodwill of the Group is mainly allocated to four (4) cash generating units ("CGUs"), which are exhibition services (Malaysian subsidiary), online portal, radio broadcasting and exhibition services (Singapore subsidiaries) with a net carrying amount of RM87,306,000 as disclosed in Note 7(a) to the financial statements.

The Group has impaired goodwill of RM18,461,000 and RM1,366,000 in respect of exhibition services (Malaysian subsidiary) and online portal respectively. As for the remaining two (2) CGUs, there was no further impairment loss on goodwill recorded in the current financial year.

We have focused on this impairment assessment as the process is complex and it requires significant judgements and estimates about the future results and key assumptions applied to cash flow projections of the CGUs in determining the recoverable amounts. These key assumptions include forecast growth in future revenues and operating profit margins, as well as determining an appropriate pre-tax discount rate and growth rates.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF STAR MEDIA GROUP BERHAD
(INCORPORATED IN MALAYSIA) (CONTINUED)

Key Audit Matters (continued)

b) *Impairment assessment of the carrying amounts of goodwill (continued)*

Audit response

Our audit procedures included the following:

- (i) challenged the identification and determination of CGUs based on our understanding of the nature of business segments of the Group;
- (ii) compared prior period projections to actual outcomes to assess reliability of management forecasting process and controls;
- (iii) compared short-term cash flow projections against recent performance, and assessed and challenged the assumptions in projections to available external industry sources of data;
- (iv) verified budgeted operating profit margins and growth rates to support the assumptions in projections and corroborated the findings from other areas of our audit;
- (v) verified pre-tax discount rate for each CGU by comparing to the market data, weighted average cost of capital of the Group and relevant risk factors; and
- (vi) performed sensitivity analysis of our own to stress test the key assumptions in the impairment model.

c) *Recoverability of trade receivables*

As at 31 December 2016, trade receivables that had been past due not impaired and more than 90 days were RM20,785,000. The details of trade receivables and its credit risk have been disclosed in Note 11 to the financial statements.

Management recognised impairment losses on trade receivables based on specific known facts or circumstances or customers' abilities to pay.

The determination of whether trade receivables are recoverable involves significant management judgement.

Audit response

Our audit procedures, with involvement of the component auditors included the following:

- (i) evaluated and tested the credit process in place to assess and manage the recoverability of trade receivables by the Group;
- (ii) challenged assessment of management that no further impairment loss was required based on analysis of customer creditworthiness, past historical payment trends and expectation of repayment patterns;
- (iii) critically assessed recoverability of debts that were past due but not impaired with reference to the historical bad debt expense, credit profiles of the counter parties and past historical repayment trends; and
- (iv) assessed cash receipts subsequent to the end of the reporting period for its effect in reducing amounts outstanding as at the end of the reporting period.

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with MFRSs, IFRSs, and the requirements of the Companies Act, 1965 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the ability of the Group and of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF STAR MEDIA GROUP BERHAD
(INCORPORATED IN MALAYSIA) (CONTINUED)

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group or of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report the following:

- (a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the Act.
- (b) We have considered the accounts and the auditors' reports of all the subsidiaries of which we have not acted as auditors, which are indicated in Note 8 to the financial statements, being accounts that have been included in the consolidated accounts.
- (c) We are satisfied that the accounts of the subsidiaries that have been consolidated with the financial statements of the Company are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.
- (d) The audit reports on the accounts of the subsidiaries did not contain any qualification or any adverse comment made under Section 174(3) of the Act.

5. PROPERTY, PLANT AND EQUIPMENT (continued)

- (a) All items of property, plant and equipment are initially recorded at cost. After initial recognition, property, plant and equipment are stated at cost less any accumulated depreciation and any accumulated impairment losses.

Depreciation is calculated to write off the cost of the assets to their residual values on a straight line basis over their estimated useful lives. The estimated useful lives represent common life expectancies applied in the industry within which the Group operates. The principal depreciation period and annual rate are as follows:

Buildings	30 years to 50 years
Long term leasehold land	62 years to 888 years
Plant and machinery	5.56% - 25%
Furniture, fittings and equipment, renovation and motor vehicles	10% - 50%
Exhibition services assets	10%

Freehold land has unlimited useful life and is not depreciated. Plant and building under construction is stated at cost and is not depreciated until such time when the asset is available for use.

- (b) The Group has assessed and classified land use rights as finance leases based on the extent to which risks and rewards incidental to ownership of the land resides with the Group arising from the lease term. Consequently, the Group has classified the unamortised upfront payment for land use rights as finance leases in accordance with MFRS 117 *Leases*.

Goodwill is tested for impairment on an annual basis by comparing the carrying amount with the recoverable amount of the CGUs based on value-in-use. Value-in-use is determined by discounting the future cash flows to be generated from the continuing use of the CGUs based on the following assumptions:

- (i) The value-in-use calculations apply discounted cash flow projections prepared and approved by management, covering a 5-year period.
- (ii) Cash flows are projected based on management's expectations of revenue growth, operating cost and margins based on their recent experience.
- (iii) The forecasted growth rates are based on published industry data and do not exceed the sustainable long-term average growth rate for the relevant industries.
- (iv) Discount rates used for cash flows discounting purpose is the pre-tax discount rate of the Group plus a reasonable risk premium at the date of assessment of the CGU. The average discount rate applied on the cash flow projections is 8.10%.

Based on the annual impairment testing undertaken by the Group, the carrying amounts of goodwill for CGU 7 and CGU 8 were determined to be lower than their recoverable amounts by RM18,461,000 and RM1,366,000 respectively. Accordingly, impairment losses amounting to RM18,461,000 and RM1,366,000 relating to CGU 7 and CGU 8 respectively were recognised during the financial year due to declining business operations. The impairment losses were allocated fully to goodwill, and are included in administrative and other expenses.

The management is not aware of any reasonably possible change in the above key assumptions that would cause the carrying amounts of the CGUs to materially exceed their recoverable amounts.

Sensitivity analysis of quoted investment funds and quoted equity investments

As the Group neither has the intention, nor historical trend of active trading in these financial instruments, the Directors are of the opinion that the Group is not subject to significant exposure to price risk and accordingly, no sensitivity analysis is being presented at the end of each reporting period.

(d) The following table shows a reconciliation of Level 3 fair values of other investments:

	Group and Company	
	2016	2015
Financial assets at fair value through profit or loss	RM'000	RM'000
Balance at 1 January	1,531	1,531
Fair value loss recognised in profit or loss	(1,531)	-
Balance at 31 December	-	1,531

(e) The significant unobservable input used in determining the fair value measurement of Level 3 other investment as well as the relationship between key unobservable inputs and fair value, are detailed in the table below.

Financial instrument	Significant unobservable inputs	Inter-relationship between key unobservable inputs and fair values
<u>Other investment</u>		
Unquoted equity investment	Discounted industry price to book ratio (2016: 0.1; 2015: 2.61).	The higher the price to book ratio, the higher the fair value of the unquoted shares would be.

The fair value of this unquoted equity investment is estimated based on the price to book valuation model. Management obtained the industry price to book ratio from observable market data, discounted the price to book ratio for illiquidity, and multiplied the discounted price to book ratio with the book value per share of the investee to derive the estimated fair value. Management believes that the estimated fair value resulting from this valuation model is reasonable and the most appropriate at the end of each reporting period.

Sensitivity analysis for unquoted equity investment is not disclosed as it is not material to the Group.

11. TRADE AND OTHER RECEIVABLES (continued)

- (f) The ageing analysis of trade receivables of the Group and of the Company are as follows (continued):

Receivables that are past due but not impaired

Trade receivables that are past due but not impaired mainly arose from active corporate clients with healthy business relationship, in which the management is of the view that the amounts are recoverable based on past payment history. The trade receivables that are past due but not impaired are unsecured in nature.

Trade receivables that are individually determined to be impaired at the end of each reporting period relate to those debtors that exhibit significant financial difficulties and have defaulted on payments. These receivables are not secured by any collateral or credit enhancements.

The Group makes impairment of receivables based on an assessment of the recoverability of receivables. Impairment is applied to receivables where events or changes in circumstances indicate that the carrying amounts may not be recoverable. Management specifically analyses historical bad debt, customer concentration, customer creditworthiness, current economic trends and changes in customer payment terms when making a judgement to evaluate the adequacy of impairment of receivables. Where expectations differ from the original estimates, the differences would impact the carrying amount of receivables.

(c) The weighted average effective interest rates of the borrowings as at the end of each reporting period are as follows:

	Group	
	2016	2015
Bank loans	3.30%	3.05%
Hire purchase and finance lease liabilities	6.74%	6.72%

19. BORROWINGS (continued)

- (d) Sensitivity analysis for fixed rate borrowings as at the end of the reporting period is not presented as fixed rate instruments is not affected by changes in interest rates. Sensitivity analysis of interest rates for the floating rate instruments at the end of the reporting period, assuming all other variables remain constant is as follows:

	Group	
	2016	2015
	RM'000	RM'000
Effects of 50bp changes to profit after tax		
Floating rate instruments	415	284

- (e) Financial instruments that are not carried at fair values and whose carrying amounts are reasonable approximation of fair values, are as follows:

Group	2016		2015	
	Carrying amount	Fair value	Carrying amount	Fair value
	RM'000	RM'000	RM'000	RM'000
Bank loans	99,925	99,925	68,509	68,509
Hire purchase and finance lease liabilities	1,811	1,626	4,349	3,788
	101,736	101,551	72,858	72,297

The carrying amounts of bank loans are reasonable approximations of fair values, either due to their short-term nature or that they are floating rate instruments that are re-priced to market interest rates on or near the end of each reporting period.

The fair values of hire purchase and finance lease liabilities are estimated by discounting expected future cash flows at market incremental lending rate for similar type of lending, borrowings or leasing arrangements at the end of each reporting period.

The fair value of borrowings is categorised as Level 2 in the fair value hierarchy. There is no transfer between levels in the hierarchy during the financial year.

Ltd., including quoted shares of Cityneon Holdings Limited held by Laviani Pte. Ltd.. The Company also provides a guarantee and indemnity of SGD7,000,000 (2015: SGD14,000,000) covering interest accruing and all monies payable under the facility.

The other secured bank loans of RM77,872,000 (2015: RM25,298,000) of the Group are guaranteed by its subsidiaries.

The Group designates corporate guarantees given to banks for credit facilities granted as financial liabilities at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with MFRS 137 *Provisions, Contingent Liabilities and Contingent Assets* and the amount initially recognised less cumulative amortisation, where appropriate.

The corporate guarantees have not been recognised since the fair values on initial recognition were not material.

The estimates are made based on past experience and knowledge of the work specialists. Changes in job performance, job conditions and estimated profitability, including those arising from final contract settlements, may result in revisions to costs and revenues and are recognised in the period in which the revisions are determined.

When it is probable that total contract costs would exceed total contract revenue, the expected loss is recognised as an expense immediately.

33. CAPITAL AND FINANCIAL RISK MANAGEMENT

(a) Capital management

The primary objective of the capital management of the Group is to ensure that the Group would be able to continue as a going concern whilst maximising return to shareholders through the optimisation of the debt and equity ratios. The overall strategy of the Group remains unchanged from that in financial year ended 31 December 2015.

The Group reviews its capital structure on an annual basis and the Directors consider the cost of capital and the risks associated with each class of the capital. The Group manages its capital structure and makes adjustments to address changes in economic environment, regulatory requirements and risk characteristics in the business operations of the Group. These initiatives include dividend payments, share buy-back, issuance of new debts, redemption of debts and other adjustments in light of economic conditions.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital. The Group includes within net debt, loans and borrowings, less cash and bank balances. Capital represents equity attributable to the owners of the parent.

There are no changes made on the capital management, policies and procedures of the Group and the Company during the financial years ended 31 December 2016 and 31 December 2015.

Pursuant to the requirements of Practice Note No. 17/2005 of the Bursa Malaysia Securities Berhad, the Group is required to maintain a consolidated shareholders' equity of not less than or equals to twenty-five percent (25%) of the issued and paid-up capital and such shareholders' equity is not less than RM40.0 million. The Group has complied with this requirement for the financial year ended 31 December 2016.

The Group is not subject to any other externally imposed capital requirements.

(b) Financial risk management

The financial risk management objective of the Group is to optimise value creation for shareholders whilst minimising the potential adverse impact arising from foreign currency risk, liquidity and cash flow risk, interest rate risk, credit risk and market risk.

33. CAPITAL AND FINANCIAL RISK MANAGEMENT (continued)

(b) Financial risk management (continued)

The Group operates within an established risk management framework and clearly defined guidelines that are regularly reviewed by the Board of Directors and does not trade in derivative financial instruments. Financial risk management is carried out through risk review programmes, internal control systems, insurance programmes and adherence to the Group financial risk management policies. The Group is exposed mainly to foreign currency risk, liquidity and cash flow risk, interest rate risk, credit risk and market risk. Information on the management of the related exposures is detailed below.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument would fluctuate because of changes in foreign exchange rate.

The Group and the Company are exposed to foreign currency risk on transactions that are denominated in currencies other than the functional currencies of the operating entities.

The Group and the Company also hold cash and bank balances denominated in foreign currencies for working capital purposes. At the end of each reporting period, such foreign currency balances amounted to RM80,041,000 (2015: RM77,375,000) for the Group and RM466,000 (2015: RM374,000) for the Company.

The Group maintains a natural hedge, where possible, by borrowing in the currency of the country in which the investment is located or by borrowing in currencies that match the future revenue stream to be generated from its investments.

During the financial year, the Group and the Company entered into foreign currency forward contracts to manage exposures to currency risk for payables, which are denominated in a currency other than the functional currencies of the Group and of the Company.

The notional amount and maturity date of the forward foreign exchange contracts outstanding as at the end of the reporting period is disclosed in Note 14 to the financial statements.

The sensitivity analysis for foreign currency risk has been disclosed in Notes 11, 15, 19 and 21 to the financial statements respectively.

(ii) Liquidity and cash flow risk

The Group actively manages its debt maturity profile, operating cash flows and the availability of funding so as to ensure that all operating, investing and financing needs are met. In executing its liquidity risk management strategy, the Group measures and forecasts its cash commitments and maintains a level of cash and cash equivalents deemed adequate to finance the activities of the Group.

The Group is actively managing its operating cash flows to ensure all commitments and funding needs are met. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Due to the dynamic nature of the underlying businesses, the Group aims at maintaining flexibility in funding by keeping committed credit lines available.

33. CAPITAL AND FINANCIAL RISK MANAGEMENT (continued)

(b) Financial risk management (continued)

(ii) Liquidity and cash flow risk (continued)

The analysis of financial instruments by remaining contractual maturities has been disclosed in Notes 19 and 21 to the financial statements respectively.

(iii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the financial instruments of the Group and of the Company would fluctuate because of changes in market interest rates.

The primary interest rate risk of the Group relates to interest-earning deposits and interest-bearing borrowings from financial institutions. The fixed-rate deposit and borrowings of the Group are exposed to a risk of changes in their fair values due to changes in interest rates. The floating rate deposits and borrowings of the Group are exposed to a risk of change in cash flows due to changes in interest rates. The Group does not use derivative financial instruments to hedge its risk. The Group borrows in the desired currencies at both fixed and floating rates of interest.

The interest rate profile and sensitivity analysis of interest rate risk have been disclosed in Notes 11, 15, 18 and 19 to the financial statements respectively.

(iv) Credit risk

Cash deposits and trade receivables could give rise to credit risk which requires the loss to be recognised if a counter party fails to perform as contracted. The counter parties are reputable institutions and organisations. It is the policy of the Group to monitor the financial standing of these counter parties on an ongoing basis to ensure that the Group is exposed to minimal credit risk.

The primary exposure of the Group to credit risk arises through its trade receivables. The trading terms of the Group with its customers are mainly on credit, except for new customers, where deposits in advance are normally required. The credit period is generally for a period of one (1) month, extending up to three (3) months for major customers. Each customer has a maximum credit limit and the Group seeks to maintain strict control over its outstanding receivables via a credit control section to minimise credit risk. Overdue balances are reviewed regularly by senior management.

The credit risk concentration profiles have been disclosed in Note 11 to the financial statements.

(v) Market risk

Market risk is the risk that the fair value or future cash flows of the financial instruments of the Group would fluctuate because of changes in market prices (other than interest or exchange rates).

The Group is exposed to equity price risks arising from quoted investments held by the Group. They are held for strategic rather than trading purposes. The Group does not actively trade these investments. These instruments are classified as financial assets designated at fair value through profit or loss.

33. CAPITAL AND FINANCIAL RISK MANAGEMENT (continued)

(b) Financial risk management (continued)

(v) Market risk (continued)

To manage its price risk arising from investments in shares, funds and bonds, the Group diversifies its portfolio in accordance with the limits set by the Group.

The sensitivity analysis of market risk has been disclosed in Note 10 to the financial statements.

34. SIGNIFICANT EVENT SUBSEQUENT TO THE END OF THE REPORTING PERIOD

The Companies Act, 2016 (New Act) was enacted to replace the Companies Act, 1965 and was passed by Parliament on 4 April 2016. The New Act was subsequently gazetted on 15 September 2016. On 26 January 2017, the Minister of Domestic Trade, Co-operatives and Consumerism announced that the effective date of the New Act, except for section 241 and Division 8 of Part III of the New Act, to be 31 January 2017.

Amongst the key changes introduced in the New Act, which will affect the financial statements of the Group and of the Company would include the removal of the authorised share capital, replacement of no par value shares in place of par or nominal value shares, and the treatment of share premium and capital redemption reserves.

The adoption of the New Act does not have any financial impact on the Group and the Company for the financial year ended 31 December 2016 as any accounting implications will only be applied prospectively, if applicable, and the effect of adoption mainly will be on the disclosures to the annual report and financial statements of the Group and of the Company for the financial year ending 31 December 2017.
